

Eliminate up to 100% of Your Biomedical Waste Hauling Costs!

Start Saving Money Today

Eliminate your hauling costs and start saving money today. The Demolizer® II is the only technology that allows you to safely dispose of both sharps and red bag waste right at your facility while saving you money.

"The use of the DEMOLIZER® System virtually eliminated our liability and has given us peace of mind. It reduces staff exposure to airborne bacteria from stored medical waste."

*~Mary Lu G.
Office Manager, Multi-Physician Practice*

The Demolizer® II provides you the Savings, Safety, Simplicity, and Security you need in managing your biomedical waste while protecting the environment.

Make Your Facility Safer

- Eliminate your need to store biomedical waste onsite **until pickup.**
- Eliminate bacteria from multiplying every 20 minutes while stored and **waiting for pickup.**
- Eliminate excess handling of infectious waste by your staff and risk of exposure to your patients while stored and **waiting for pickup.**

"We have had the Demolizer® System in operation for several months. It is comforting to know the system is environmentally friendly. The system is easy to use and I am pleased that it has an intrinsic tracking system as well."

*~Gloria G., Ph.D., D.M.D., F.A.G.D.
Dental Director, Community Health Center*

Secure Your Confidence In A Proven Technology

- Meets or exceeds all EPA, CDC, state and local guidelines.
- Is approved or meets requirements for treatment by 78 governmental agencies in 47 states.
- Patented, proven solution with over 300,000 completed processes.
- The EPA's Resource Conservation and Recovery Act of 1976 makes you liable for the proper disposal of your biomedical waste. With the touch of a button, the Demolizer® II eliminates your cradle-to-grave liability.

"The system eliminates the cradle-to-grave liability, which, with all the recent controversy, is a big plus."

*~Kathleen P., RN
Asthma and Allergy Center*

Make Your Waste Disposal Simpler

- Process waste with the push of a button, allowing you to simply throw it in the trash.
- Simplify and reduce daily waste disposal procedures.
- Demolizer® II technology automatically documents and stores state-required records for easy state-required compliance.
